WE BET YOU'VE NEVER EXPERIENCED INDUSTRIAL LABELLING THIS SIMPLE.

Jobsite tested and packed with features, the DYMO® XTL™ 300 and XTL 500 help simplify industrial labelling for a more efficient, frustration-free experience. Designed for industrial use but incorporating cues from today's technology, XTL label makers offer a familiarity that makes using them easy. That's why over 80% of people who used an XTL label maker for eight weeks without any training said it performed better than their current label maker*.
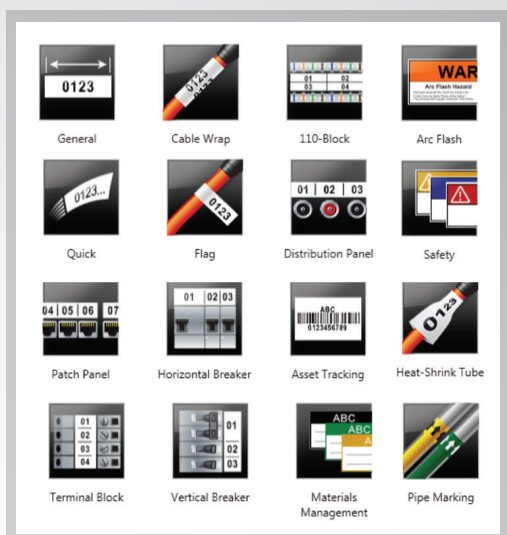

Our motto - keep it simple. The XTL 300 and 500 offer the flexibility to print continuous tape, pre-sized labels, heat-shrink tubes and small format safety signage all from the same label maker. And, durable XTL labels are available in a variety of materials and colours that fit with OSHA, ANSI and ISO colour standards for workplace communication and safety.

Read on to see how XTL is redefining labelling simplicity.
